Bosniac National Council

Belgrade, 30 May 2013

Dear Mr. Jusovic,

We have received your letter dated 29 May 2013. Turkey's approach and cooperation with the Bosniac National Council is very well known by you. While it is the case, we found it unfortunate to receive a letter on an alleged personal statement given by a local Turkish speaking lecturer who has no authority to reflect any views on behalf of Turkey and the Turkish Embassy.

On the other hand, we will inquire the full text of the personal statement of Ms. Almira Suljevic in order to understand the context and basis of that meeting and the claims mentioned in your letter.

We really appreciate if you could kindly inform Mr. Esad Dzudzevic, Chairman of the Bosniac National Council, of our response together with the regards of the Ambassador.

We are looking forward to the continuation of our cooperation as well as traditional sincere and direct communication in the future.

Sincerely yours,

Diğdem Buner  
Counsellor
